The committee examined all the personnel files and removed several unwarranted letters of reprimand. Specifics can not be divulged in this report, but I will say, the committee unanimously agreed in the removal of certain letters.

3. A strategy was discussed to develop "Hamlet Procedures". Councillors Palmer and Toth would write the first draft and then the Hamlet Board Members would be invited to craft the final wording, line by line. It was clear that Council could not force the hamlets to adopt these rules, but it could demand that the hamlet boards adopt some procedures; hopefully based on these Hamlet Procedures. This will be a big job, and I have started the process by listing a set of questions commonly asked (FAQs). The new hamlet procedures must comply with the Municipal Act, and the Organized Hamlet Guide put out by the province. We will also use our Council Procedure Bylaws and documents put out by PARCs. Hopefully we can complete this task by October.

PARCs has asked me to organize a workshop to train new Hamlet Board members for their Fall Convention. This works well with the Hamlet Procedures being worked on.

The organized Hamlet of Taylor Beach is having its AGM on Saturday May 26 from 10:00 to 12:00, followed by a BBQ

PARCs is hosting an information meeting on Invasive Species, specifically the Zebra Mussel, on June 16 1:00 PM in the Legion Hall.

Respectfully submitted to Council Ron Palmer

#### Report by Harry McDonald on CLDPC Meeting on May 8, 2018

- 1. Jaylyn Obrigewitsch, P. Engineer, Pasqua Lake, produced a discussion paper on quality and quantity of water in Lower Qu'Appelle Watershed. She did this at the request of a neighbour. The neighbour was able to arrange a meeting on March 17, 2018 with attendees including Andrew Scheer, Mayor Fougere, Don McMorris and Ray Orb. Two of the main things for us is their concern over:
  - a. Septic tanks to ensure no leaks and in good condition. RM is working on this.
  - b. Cattle manure, chemicals and fertilizers getting into water. A study of agriculture pollution in Lower Qu'Appelle Watershed is done, but not available to us yet. We will have to see what this has to say. (Jaylyn's report available on request)
- 2. Branding and town update on a person to work as an events co-ordinator. We need to give the town and ourselves time to try and get it right.
- 3. Planning and Zoning We approved two subdivisions
  - a. Road closure RM of N. Qu'Appelle SE 35 and SW 36-21-14-2.
  - b. Commercial subdivision District of Katepwa

Next meeting is June 12, 2018

Chair always set tone of meeting

Set a start time and end time (Carndiff town council starts at 6:00 AM and finishes at 8:45 AM)

Stay on task - don't get side tracked - chairs responsibility

Meeting participants should insure they are prepared for a meeting

Every participant should be given an opportunity to speak and only one speak at a time

Various meeting techniques

Use different colored paper to keep everyone on same page

Type minutes on lap top – show on screen – everyone is focused on same item – minutes are posted when meeting is over

Discussion content added as an addendum – then resolution is made to add discussion to minutes.
