Administrator's Report – Public Hearing

Zoning Bylaw Amendment – Bylaw No. 2026-01

This public hearing is being held in accordance with the requirements of *The Planning and Development Act, 2007* to receive public comment on **Bylaw No. 2026-01**, a bylaw to amend Zoning Bylaw No. 13-08 respecting minimum site frontage requirements within the Agricultural District

The proposed amendment would allow a reduced minimum site frontage of 20 metres in limited circumstances where access is provided by a private access road that meets frontage requirements at its point of access from a primary road or provincial highway and services agricultural operations and agricultural residential development only.

The zoning bylaw amendment is being brought forward as a result of **Subdivision Application SUBD-005608-2025**, which involves the transfer of ownership of an existing access road and a frontage non-compliance under the current zoning bylaw

Administration has determined that the intent of the frontage requirement—safe and appropriate access from a primary road or provincial highway—is satisfied in this case.

Notice of this public hearing was advertised for two consecutive weeks in accordance with legislative requirements. Administration has received **no written or verbal submissions**, either in support of or in opposition to the proposed zoning bylaw amendment.

Following the conclusion of this public hearing, Council will resume its regular meeting and may consider second and third readings of Bylaw No. 2026-01. If the bylaw is adopted, the complete file will be forwarded to Community Planning Branch for final approval.

Respectfully Submitted,

Charmain Wowk
