**Dust Control Request Form** 2023

Dust control on R.M. gravel roads will be in the form of an application of Magnesium Chloride. This material will be applied on the roadway that is adjacent to a yard site or residence upon the written request by the landowner.

*\*Kindly return your completed Request Form to the RM office no later than April 17, 2023.\**

*\*\*NEW at the regular council meeting on March 24, 2023, Resolution 23-185 was made: "THAT Council amends the 2023 dust control policy to be a 50/50 cost share for the 200 metres yard site and anything over 200m is 100% cost to the property owner."*

**Conditions:** Normal practice is to apply a length of 200 meters adjacent to yard site. The distance can vary depending upon the request of landowner. I understand as the landowner that the RM of North Qu'Appelle will invoice me **50%** of the shared cost of material/application plus pst used for **200 metres** and **100%** cost of material/application plus pst **over 200** metres.

Landowners Name : \_\_\_\_\_ Mailing Address : \_\_\_\_\_

Email Address: \_\_\_\_\_ Phone Number: \_\_\_\_\_

Legal Land description where dust control to be applied:  
\_\_\_\_\_

Application requirements:  200 metres  OTHER: \_\_\_\_\_

Comments/Notes: \_\_\_\_\_

**Cost Estimate Only**-Calculation: 200 m X 7.3 m wide = 1460 sq/meters x 1.8 liters= 2628 L  
2628 L X 0.38c/L = \$998.64 (50% share of \$998.64=\$499.32 plus PST (6%= \$29.96))

**I hereby agree to the above conditions. It is realized that normal road maintenance will not occur as long as the road surface is in a safe, stable and adequate driving condition and that if any road maintenance is required, it will take place as per the discretion of the Municipality.**
