Dust Control Request Form 2024

Dust control on R.M. gravel roads will be in the form of an application of Magnesium Chloride. This material will be applied on the roadway that is adjacent to a yard site or residence upon the written request by the landowner.

*Kindly return your completed Request Form to the RM office no later than **May 17, 2024**.*

Conditions: Normal practice is to apply a length of 200 meters adjacent to yard site. The distance can vary depending upon the request of the landowner. I understand as the landowner that the RM of North Qu'Appelle will invoice me **50%** of the shared cost of material/application plus pst used for **200 meters** and **100%** cost of material/application plus pst **over 200 meters**.

Landowners Name: _____
Mailing Address: _____
Email Address: _____
Phone Number: _____
Legal Land description where dust control to be applied:

Application requirements: 200 meters OTHER: _____

Comments/Notes: _____

Cost Estimate Only-Calculation: 200 m X 7.3 m wide = 1460 sq/meters x 1.4 liters/m²= 2044 L
2044 L X 0.40c/L = \$817.60 (50% share of \$817.60=\$408.80 plus PST (6%= \$24.53)) 433.33

I hereby agree to the above conditions. It is realized that normal road maintenance will not occur, as long as the road surface is in a safe, stable and adequate driving condition and that if any road maintenance is required, it will take place as per the discretion of the Municipality.
