

Demolition Permits

Demolitions and removals cannot commence until a **valid permit** has been issued by the municipal office.

**Demolition
Permits also
allow removal
of a building
from your
property
taxes!**

Owners are responsible to have all underground facilities located prior to commencing demolition and removal.

Hazardous material must be handled and disposed of in compliance with **Provincial Regulations**.

Should it become necessary to close or block any road, street, lane, or sidewalk during demolition, the owner or owner's agent must obtain the prior written approval of the **Local Authority**.

Owners must supply and maintain all fencing, boarding or barricades required to warn and/or protect the public from the work in progress.
